Aspects of Ministry Goals

The goals of ministry can be generalized to four main areas - love, lead, learn, do. To help focus each ministry, it is important to understand the direction of the group's efforts. Understanding what the group's most important aspect of ministry is will help the group to fulfill its purpose. If you would like more details on the various aspects of ministry, check out the Ministry Initiative Manual or watch our "Aspects of Ministry" video on our website (mvgchurch.com). **Please fill in the following diagram to illustrate how each ministry aspect will be weighted and describe the goals and specific outcomes for each aspect.**
